This is a good pump for emergency use. It does take some effort on 700c tires near the end but what mini-pump doesn't? My fave method of use is to use this pump to start filling a tire to check that none of the tube is under the tire's bead (having any under it will result in a nasty and loud popping of your new tube).

Scrum is an agile framework for managing knowledge work, with an emphasis on software development, although it has wide application in other fields and is slowly starting to be explored by traditional project teams more generally. It is designed for teams of three to nine members, who break their work into actions that can be completed within timeboxed iterations, called sprints, no longer ...
