Sociodemographics are not simply an artifact of urban education; rather, they have a significant impact on how urban schools are structured. The concentration of poverty and racial isolation matters in that it is directly related to school processes that significantly influence student achievement trends (Rumberger & Palardy, 2005).

### **Urban School Challenges | RTI Action Network**

Urban Education is a journal that publishes papers addressing urban issues related to those from birth through graduate school, from both a U.S. and an international perspective. The journal publishes research and conceptual reviews that contribute new, extensive, and expanded knowledge regarding theory, research and/or practice in the field.
