In my fifth writer's toolkit post I set out a plan for writing an introduction for a research report after initially developing my abstract to both guide and focus my writing. In my next post I'll use the same SmartArt tool in Microsoft Word to think through the layout of my methodology and method section. Before I do this I want to talk briefly here about the difference between ...

And then I got older and realized that everybody fucks up sometimes no matter how good or prepared they are. The thing the freaks me out about free soloing is that you can be 100% perfect and still die. You can pop a hold or get hit with falling rock, and both are going to fuck up your day sans fall protection.
