Transportation Solutions - Expanding Transportation ...

The price charged by each firm exceeds the long-run marginal cost because both the AR and MR curves are downward sloping under monopolistic competition. The firm's equilibrium condition is $\text{Price} = \text{LAC} > \text{LMC} = \text{MR}$. Therefore, resources are under-allocated to the firms in the market and misallocated in the economy.

Resource Allocation: it's Meaning, Monopolistic, Oligopoly ...

Strategic Management Chapter 6. STUDY. PLAY. ... are cost savings or higher returns generated when the firm effectively allocates its financial resources based on investments inside or outside the firm. Capital markets. ... actually compete against one another for the firm's resources.

Strategic Management Chapter 6 Flashcards | Quizlet

Most companies allocate the same resources to the same business units year after year. That makes it difficult to realize strategic goals and undermines performance. Here's how to overcome resource-allocation inertia. Picture two global companies, each operating a range of different businesses ...
