Also, translating two-step equations, MCQs and word problems based on geometric shapes are given here for additional practice. Download the Complete Set (1.17 MB)

Two-Step Equation Worksheets - Math Worksheets 4 Kids

The main difference between one-step equations and two-step equations is that one more step you need to do in order to solve a two-step equation. That additional step may be something like multiplying the variable by a certain number to get rid of a fraction in front of it. Otherwise, the rules are the same as before and these equations are just as easy to learn and solve as are the one-step ones
