2002. A. Melissa: First of all, it is not true that nitric acid is a better passivator than others. There is MUCH data showing that our citric acid based formulations are superior in passivation to nitric acid. This is proven by the thousands of customers that are using it, including many major corporations around the world.

1. Introduction. Lyme disease takes its name from the town of Lyme in Connecticut, U.S.A., where an unusual cluster of cases with an initial diagnosis of juvenile rheumatoid arthritis occurred in the mid 1970s. Closer examination of this community revealed that the recurrent attacks of arthritis in these patients appeared to be a new clinical entity, originally called Lyme arthritis (LA).
