Many women (and men) think UTIs are no big deal, and usually they are right. However, it is important to know when you see a doctor. If you have more than 2 urinary tract infections (or what you think are urinary tract infections) within 6 months, or more than 3 episodes in 12 months, you should see a doctor, says Kristene E. Whitmore, M.D., chief of urology and director of the Incontinence ...
