We take breathing for granted; it's there all the time. Even when we're not paying attention at all, it's there supporting us. It is one of the few physiological functions that is both involuntary and voluntary -- we can alter it when we choose to. There are many practices and religions that use breath control as a practice.

This essay in the Peculiar Minds series is by author Robison Wells.. The hardest thing about writing any article about mental illness is figuring out where to start. So, I'll just begin with the facts: about two years ago I was diagnosed with a severe panic disorder, which is essentially a problem with the autonomic nervous system—the fight or flight response—where I constantly feel that ...
