Uniden Digital Answering Machine

Remotely Accessing The Answering Machine You can operate your answering system from a remote location using any touch-tone telephone or the handset if it allows that capability. Remote Access away from home You can check, play, or delete messages, even record a new greeting message when you are away from home.

Answering Machine - Uniden Support

Advanced DECT 6.0 technology operates on the newly released 1.9GHz frequency band. Uniden DECT incorporated unique "listen before transmit" technology that avoids interference with many household products, such as baby monitors, microwaves and WiFi. As a result, these phones offer enhanced voice clarity and crystal clear digital sound quality.
