Refresh data connected to another workbook - Excel

Best answer: Yes, tariffs are going to be lifted on steel and aluminium, because it looked like the new NAFTA (CUSMA) deal wouldn't be ratified until they were. As for the war of 1812, it was the British who beat the Americans. There was no such country as Canada then, but the British victory over the USA was a stepping stone in making Canada a Country.

Iterative calculations can help find the solution to mathematical problems by running calculations over and over using previous results. This is made possible by computers that can run calculations repeatedly to find the likelihood of possible answers by getting closer to the results from different angles.
