After they eat asparagus, some people notice that their urine has a strong, unusual odor. Other people don't notice anything unusual. This was first thought to result from genetic variation in whether or not sulfur compounds in asparagus were secreted into the urine, with the allele for secreting ...

Myths of Human Genetics: Asparagus Urine Smell

Since the Bible describes all human beings as sinners, and we are all related ("And He has made from one blood every nation of men to dwell on all the face of the earth," Acts 17:26), the gospel makes sense only on the basis that all humans alive and all that have ever lived (except for the first woman⁶) are descendants of the first man Adam. If this were not so, then the gospel could not ...
