In the prior sections we discussed past theory and empirical work on conflict from multiple disciplinary views. We structured the discussion by examining views that see conflict as a negative process in organizations (the predominant view) and those that view conflict as a potentially positive process.

[page vi] TERMINOLOGY. We refer throughout this report to a number of different ethnic minorities as well as to the (white) ethnic majority. Following common usage, and in the interests of brevity, we refer to 'West Indians' and 'Asians' as shorthand for the more accurate, but more cumbersome 'British citizens of West Indian or Asian origin'.

Planetary habitability is the measure of a planet's or a natural satellite's potential to develop and maintain environments hospitable to life. Life may be generated directly on a planet or satellite endogenously or be transferred to it from another body, a hypothetical process known as panspermia. Environments do not need to contain life to be considered habitable nor are accepted habitable ...
