Grass feeding is a practice not yet familiar to all consumers. To clarify this for you, 100% grass-fed cheese comes from cows that have grazed in pasture year-round rather than being fed a processed diet for much of their life. Grass feeding improves the quality of the cheese and makes the cheese ...

Friends, I'm excited to share some delicious news. This week, I'm beginning a new role as Cheese Director for Tria, a Philadelphia institution known for its extensive cheese, wine, and beer selections. With three locations – two cafés and a taproom – Tria has built what I like to think of as The Cheese Triangle in Center City.
