Algebra (from Arabic "al-jabr", literally meaning "reunion of broken parts") is one of the broad parts of mathematics, together with number theory, geometry and analysis. In its most general form, algebra is the study of mathematical symbols and the rules for manipulating these symbols; it is a unifying thread of almost all of mathematics. It includes everything from elementary equation solving ...

Everyone loves a resource printed on A3! There are a number of Foundation revision mats available from sources such as Access Maths, PixiMaths and Miss B's Resources. I recently used these from TES for key Foundation skills. I like it that they are editable - as I went through and worked out the answers I tweaked a few questions and changed the order a bit.
