Bridging World History is a multimedia course for secondary school and college teachers that looks at global patterns through time, seeing history as an integrated whole. Topics are studied in a general chronological order, but each is examined through a thematic lens, showing how people and societies experience both integration and differences.

Resource: Bridging World History - Learner

Having already used World History Map Activities, also a Walch publication, I looked forward to using this map activities book in our home school. There is no comparison between the two. This U.S. map book has fewer maps, they are not drawn as well, there are not always lines of latitude/longitude on the maps, and there is no accompanying text ...
