Many people remember islands, land masses, and countries in alternate locations. Some of those memories are startlingly similar. I discussed this in two previous articles. The first was about Sri Lanka's location, since that had attracted considerable comment. The other article was about checking older maps, in case newer maps have been altered for political ...

I. Introduction "Never in the history of the world was society in so terrific flux as it is right now," Jack London wrote in *The Iron Heel*, his 1908 dystopian novel in which a corporate oligarchy comes to rule the United States. He wrote, "The swift changes in our industrial system are causing equally swift changes in our religious, political, and social structures."

Hi there, The use of pronouns, especially they, can be problematic for learners whose native language has different forms for they (a masculine form, a feminine form, a neutral form) or for languages who do not always require a subject pronoun for a verb. In the case of your Brazilian learners, whose first language will be Portuguese, there is a bit of both things going on.
