Unit 4 | The Art of Science

Unit 4 focused on the topic of toxins and their role in chemistry. Lesson 1 was the introduction into toxins and their effects. Toxins are substances that interact with living organisms and cause harm. The beginning of the unit was mainly teaching us about chemical equations and how to interpret, write and balance them. Within...

Unit 4 Review - Toxins | Chemistry

These toxic substances can react in many ways when they are in your body. They could possibly react with your mucous membranes, oxygen in the blood, or your stomach acid. The toxins reacting time varies though, some have an immediate effect and some stay in your body for a long time until it increasingly damages your body years later.
