This reference list was compiled by Robert Hare for personal use. Most, but not all, of the articles listed on these pages discuss or evaluate the PCL-R, the PCL:SV, the PCL:YV, and other Hare Scales. Links to available abstracts, and when available, links to the full text on the Journal web sites are provided (search for [full text] on the page below).

Main Psychopathy Reference List - Hare

Anabolic steroids, also known more properly as anabolic-androgenic steroids (AAS), are steroidal androgens that include natural androgens like testosterone as well as synthetic androgens that are structurally related and have similar effects to testosterone. They are anabolic and increase protein within cells, especially in skeletal muscles, and also have varying degrees of androgenic and ...

The development of styrene maleic acid (SMA) polymers for making native nanodiscs has allowed memteins to be isolated directly from membranes, cells and tissues without conventional detergents. Such detergents strip away endogenous lipids and destabilize membrane proteins, thus leading to a variety of documented artifacts in membrane protein structures (Zhou and Cross, 2013).

Although a negative view of emotion's role in reason has dominated much of Western thought (for discussion, see Keltner & Lerner 2010), a few philosophers pioneered the idea that integral emotion could be a beneficial guide. David Hume (1978 [1738], p. 415), for example, argued that the dominant predisposition toward viewing emotion as secondary to reason is entirely backward: "Reason is ...

In ATR, the N-terminus also contains the binding site for ATRIP (ATR-interacting protein), which regulates the localisation of ATR to sites of replication stress and DNA damage and is essential for ATR signalling (Cortez et al., 2001, Zou and Elledge, 2003). Many reports have linked members of this kinase family to tumourigenesis and survival of cancer cells following therapy, rendering these ...

In an effort to curb opioid drug abuse and addiction, the Drug Enforcement Administration (DEA) has issued new rules that limit the accessibility of hydrocodone, putting chronic pain sufferers who rely on the drug in an impossible situation. The DEA's new restrictions come after the decision to relabel hydrocodone as a Schedule II drug, making it difficult for users with chronic pain to ...
