In business management, a learning organization is a company that facilitates the learning of its members and continuously transforms itself. The concept was coined through the work and research of Peter Senge and his colleagues.. Learning organizations develop as a result of the pressures facing modern organizations and enables them to remain competitive in the business environment.

Empathy begins with “engaged curiosity about another's particular emotional perspective.” 1 Empathetic listening builds on the concept of empathy and allows one to be fully present for another person's experiences. When empathetic listening is used in health care, patients and families are often more satisfied and more open to hearing their physician's advice.
