Resolution | Definition of Resolution by Merriam-Webster

The resolution of a television is the number of pixels in each dimension that the TV can display natively. A pixel is essentially a lit-up square that produces a specific color. The more pixels you have on a TV, the more detailed the picture on the screen will appear. While the resolution isn't the only aspect...

What is the Resolution? - RTINGS.com

The resolution, also known as the denouement, is the conclusion of the story's plot. It's where any unanswered questions are answered, or "loose ends are tied." Interestingly the phrase denouement comes from the French word *dénouement* meaning "to untie." A story with a complete ending is said to have a strong resolution.
