Evolution is change in the heritable characteristics of biological populations over successive generations. These characteristics are the expressions of genes that are passed on from parent to offspring during reproduction. Different characteristics tend to exist within any given population as a result of mutation, genetic recombination and other sources of genetic variation.

Twitter (/ˈtʍɪtər/) is an American online news and social networking service on which users post and interact with messages known as "tweets". Tweets were originally restricted to 140 characters, but on November 7, 2017, this limit was doubled to 280 for all languages except Chinese, Japanese, and Korean. Registered users can post, like, and retweet tweets, but unregistered users can ...

We fight for a greener, more peaceful world. This announcement from Trader Joe's is a step in the right direction — the retailer has committed to stop offering single-use carryout bags nationwide, replace its produce bags with biodegradable and compostable options, replace Styrofoam trays used in packaging, and sell more loose produce rather than wrapping it in plastic.
