Overview: Creating a mentally healthy workplace requires a carefully balanced set of strategies and solutions that are validated by evidence, but practical and easy to apply in any workplace.

Creating a Mentally Healthy Workforce - for leaders and ...

Let me say that again. The most common mistake in problem solving is trying to find a solution right away. That's a mistake because it tries to put the solution at the beginning of the process, when what we need is a solution at the end of the process. Here are seven-steps for an effective problem-solving process. 1. Identify the issues.
