What do geography degrees cover? The geography topics you cover will largely depend on whether you've opted for a degree focused on physical geography or human geography, though at undergraduate (bachelor's) level it is often possible to cover aspects of both before choosing a specialization. Human geography is concerned with the study of human societies – how they operate, develop, and ...

Earth is the third planet from the Sun, and the only astronomical object known to harbor life. According to radiometric dating and other sources of evidence, Earth formed over 4.5 billion years ago. Earth's gravity interacts with other objects in space, especially the Sun and the Moon, Earth's only natural satellite. Earth orbits around the Sun in 365.26 days, a period known as an Earth year.
