Easier - The surface of the earth has been warming, the average temperature increasing, for several years. People studying this do not agree on the cause of the warming trend. Some say that man has caused the change; others claim that it is a natural trend.

Global Warming - 42explore

Question: "How should a Christian view global warming?" Answer: As Christians, we should be concerned about our effect on our environment. God appointed man to be the steward of this world (Genesis 1:28), not the destroyer of it.

How should a Christian view global warming?

A major uncertainty in figuring out how much of recent warming has been human-caused is knowing how much nature has caused. The IPCC is quite sure that nature is responsible for less than half of the warming since the mid-1900s, but politicians, activists, and various green energy pundits go even further, behaving as if warming is 100% human-caused.

Roy Spencer, PhD
