I do not expect that there are significant changes in the new edition.] The UCSMP series probably reflects the NCTM Standards better than any other high school math series. Algebra is integrated throughout the course. Technological tools are vital to the course. Real world applications show students why they need to learn geometry.

UCSMP Geometry. Main goal: The main goal of UCSMP Geometry is to provide students with a clear understanding of two-dimensional and three-dimensional figures and the relationships among them. Main theme I: Geometry applies to all figures and all physical objects, not just lines, angles, triangles, other polygons, and circles. Transformations allow general definitions of congruence, similarity ...

UCSMP Geometry - UCSMP

UCSMP Grades 6-12 Overview. Zalman Usiskin, Director. UCSMP Grades 6-12. Under the belief that today's society demands advanced mathematical skills, UCSMP's secondary school curriculum targets not just students who will go on to college but all students who will graduate high school.
