Workforce management (WFM) is an institutional process that maximizes performance levels and competency for an organization. The process includes all the activities needed to maintain a productive workforce, such as field service management, human resource management, performance and training management, data collection, recruiting, budgeting, forecasting, scheduling and analytics.

Workforce management - Wikipedia

This article describes the form of brief therapy developed at the Brief Family Therapy Center. We have chosen a title similar to Weakland, Fisch, Watzlawick, and Bodin's classic paper, "Brief Therapy: Focused Problem Resolution" to emphasize our view that there is a conceptual relationship and a developmental connection between the points of view expressed in the two papers.
