Elon Musk — known for making bold, and by some measures outlandish statements — threw down the gauntlet to other automakers. "The fundamental message that consumers should be taking today is that it's financially insane to buy anything other than a Tesla(TSLA)," the CEO of the electric auto maker said after Monday's robotaxi announcement. "It would be like owning a horse in three years.

The panopticon is a type of institutional building and a system of control designed by the English philosopher and social theorist Jeremy Bentham in the late 18th century. The scheme of the design is to allow all (pan-) inmates of an institution to be observed (-opticon) by a single watchman without the inmates being able to tell whether or not they are being watched.

Warning: This interview contains spoilers for Game of Thrones.. Sunday night's Battle of Winterfell flipped the script on Game of Thrones: the biggest threat in the history of Westeros has now been demolished, with the living suffering heavy losses in their defense of Winterfell. Yet most of the main characters emerged alive — until next week, at least.

The script by Deborah Cahn and John C. Richards takes us along two tracks: How the Sandusky story was investigated and reported by Sara Ganim, a reporter for the Harrisburg Patriot-News, and how the revelations affected Paterno and his family. Ganim is played by Riley Keough (The Girlfriend Experience, Logan Lucky) as a tough reporter who, while still in her 20s, is an already-hard-bitten woman ...

Killer whales are beloved majestic, friendly giants yet infamous for their capacity to kill viciously. BLACKFISH unravels the complexities of this dichotomy, employing the story of the notorious performing whale Tilikum, who — unlike any orca in the wild — has taken the lives of several people while in captivity. BLACKFISH expands on the discussion of keeping such intelligent creatures in ...
