You may be asked to solve some simple algebraic equations, mostly with ratios and proportions, and to convert between various units.

Algebraic Expressions - University of Minnesota

By Deborah J. Rumsey . If all you are interested in is where you stand compared to the rest of the herd, you need a statistic that reports relative standing, and that statistic is called a percentile. The k th percentile is a value in a data set that splits the data into two pieces: The lower piece contains k percent of the data, and the upper piece contains the rest of the data (which amounts ...
