Chemistry Interactive Review Activities. NOTE: For a number of reasons, I am (as of February 2017) creating a NEW page for my Chemistry Review activities. Don't worry - this page will remain here as long as this site exists, but no new reviews will be added to this page.

Chemistry Review Activities - ScienceGeek.net

Why a Scientific Format? The scientific format may seem confusing for the beginning science writer due to its rigid structure which is so different from writing in the humanities. One reason for using this format is that it is a means of efficiently communicating scientific findings to the broad community of scientists in a uniform manner.

CSI: THE EXPERIENCE — Web Adventures

Credits: 1. Prerequisite: Middle school biology and chemistry. Recommended: 9th or 10th Test Prep: CLEP Biology This course covers the basic material for this exam, but this is considered a very hard test, and I would suspect more will need to be studied to learn everything required for this huge exam. It's worth the same as two college courses which is why it covers so much.

Biology with Lab - Easy Peasy All-in-One High School

Standard 1.4 The student will investigate and understand that plants have basic life needs and functional parts and can be classified according to certain characteristics. Key concepts include (a) plants need nutrients, air, water, light, and a place to grow; (b) basic parts of plants; (c) plants can be classified based on a variety of characteristics.
