Mini-lesson: I begin the lesson by explaining to students that the rest of the unit is going to use everything we have learned so far in a process called titration. I then show this video to give a brief visual overview of what titrations are. I then ask the class some questions, and students share out answers in an informal environment: What is a titration?

Credits: 1. Prerequisite: Middle school biology and chemistry. Recommended: 9th or 10th Test Prep: CLEP Biology This course covers the basic material for this exam, but this is considered a very hard test, and I would suspect more will need to be studied to learn everything required for this huge exam. It's worth the same as two college courses which is why it covers so much.
