Filters: Mack filters are part of an integrated system of components that work together. Peak performance requires each part to perform together seamlessly. Mack uses only the finest available filter media, adhesives and seals to give your truck superior filtration.

### Mack Truck Parts

Mack became the first truck manufacturer to apply air cleaners and oil filters to trucks after Mack engineers discovered the fuel and maintenance savings these products offered customers. Mack pioneered the use of rubber isolators as cushions in mounting chassis components to improve shock resistance in 1921.
