It is a great pleasure to invite you to take part in the third edition of the International Symposium

on Synthesis and Catalysis 2019 (ISySyCat2019) that will take place at the University of Evora in the historically recognized mediaeval city of Evora from September 3-6 2019.

### **International Symposium on Synthesis and Catalysis**

Game theory is the study of mathematical models of strategic interaction between rational decision-makers. It has applications in all fields of social science, as well as in logic and computer science. Originally, it addressed zero-sum games, in which one person's gains result in losses for the other participants. Today, game theory applies to a wide range of behavioral relations, and is now an ...
