What and how to review in order to prepare for the STAAR Test: Students will be given an overall review summary packet. Then each one of the 4 objective packets will be handed out.

STAAR Review - Flipped Out Science with Mrs. Thomas!

The natural environment encompasses all living and non-living things occurring naturally, meaning in this case not artificial. The term is most often applied to the Earth or some parts of Earth. This environment encompasses the interaction of all living species, climate, weather and natural resources that affect human survival and economic activity. The concept of the natural environment can be ...

The first protein of the toll receptor family was discovered in the context of insect development but was later shown to play an additional role in protecting insects against fungal infections (36, 37, 38). Subsequently, more than ten Toll-like receptor protein homologues were discovered in the mouse and human genomes (12, 13, 39). Although the functions of the TLR proteins are incompletely ...
