The political positions of Ron Paul (L-TX), United States presidential candidate in 1988, 2008, and 2012, are generally described as libertarian, but have also been labeled conservative and constitutionalist. Paul's nickname "Dr. No" reflects both his medical degree and his assertion that he will "never vote for legislation unless the proposed measure is expressly authorized by the Constitution".

The birth rate (technically, births/population rate) is the total number of live births per 1,000 in a population in a year or period. The rate of births in a population is calculated in several ways: live births from a universal registration system for births, deaths, and marriages; population counts from a census, and estimation through specialized demographic techniques.
