6. This brings us to the evolution of one of the two main state variables in our framework, political institutions (the other state variable is the distribution of resources, including distribution of physical and human capital stocks, etc.). Political institutions and the distribution of resources are the state variables in this dynamic system because they typically change relatively slowly ...

Community assessment: application to community/public health nursing practice. Assessment, the first step of the nursing process, forms the foundation for determining the client's health, regardless of whether the client is an individual, a family, or a community. Nurses gather information by using their senses, as well as their cognition, past experiences, and specific tools.
