A typical Venn diagram looks like the picture on the left. One circle represents the set A, whilst the other represents B. The section where the two circles cross over is for all things that are contained in both sets, i.e. it is  $A \cap B$ . The box is called the universal set and is denoted by the Greek letter  $\xi$ , and it contains all of the objects we're concerned with, including objects that ...

According to the Japanese, everyone has an ikigai. An ikigai is essentially 'a reason to get up in the morning'. A reason to enjoy life. Having spent most of the last few years helping dozens and dozens of entrepreneurs find their ikigai, whilst also searching for my own, I can now visualise where it belongs.
