Wave Home Solutions

I have a stale smell in my basement closet, used a dehumidifier and it worked. heard about a new product from wavehome solutions which ventilates in stead of dehumidifies. I had a sales person in my house and he said his product will remove the stale smell and will cost \$1700. and will take 15 to 25 days to notice a difference, he also said I have other toxins in my house in which

AND, my basement is dry and there is no mildew smell. Up until now I used a dehumidifier but it never dried out the basement and there was always a damp like smell. Also it cost about \$35-45 a month to run. So, the bottom line is that the Wave works.

Wave "Dehumidifier" -- Has anyone here tried it? - Google ...

The WAVE ventilation solution is a drying out process that will vary in time depending on home, environment and conditions. The majority of homeowners will see results relatively quickly ranging from within a few days to a few short weeks.

Frequently Asked Questions | WAVE Home Solutions

Nope, you're right, I did not answer your question about the Wave Ventilation system. But I think I addressed the same problem you're having, that is creating a dryer environment in your basement. Ventilation systems work by evacuating moist air, but if you're pulling in more moist air, what's the difference.

Another simple solution to adding fresh air to your basement is to place a dehumidifier in a central location. A good one will not only eliminate that stuffy basement feeling; but it also will reduce

humidity: Those musty smells, the wet stains on walls and ceilings, and rotting wood condensation on windows limiting the growth of mold and mildew.

We ordered a ventilation system through wave home solutions in mid June 2017. When it came to us, it was damaged and VERY cheaply made. We contacted the company to return it. FedEx came the next day to pick it up. It is now July 28, 2017 and our credit STILL has NOT been refunded the money for the damaged equipment.

Wave Solutions Cost - secure.fusionstorm.com

I always hear the radio ads for the Wave ventilation system to expel damp air from the basement. I'm interested as I want something better than my dehumidifier. I did a search online and found the cost to be around \$1700. I then found a post by a guy who made his own which I'm thinking of trying. Cost for parts was around \$200.
