### **What is the yield stress of aluminium - answers.com**

A chemical reaction is a transformation of some substances into one or more different substances. The basis of such a chemical transformation is the rearrangement of electrons in the chemical bonds between atoms. It can be symbolically depicted through a chemical equation, which usually involves atoms as subjects. The number of atoms on the left and the right in the equation for a chemical ...

In statistical mechanics, entropy is an extensive property of a thermodynamic system. It is closely related to the number  $\Omega$  of microscopic configurations (known as microstates) that are consistent with the macroscopic quantities that characterize the system (such as its volume, pressure and temperature). Under the assumption that each microstate is equally probable, the entropy is the natural ...

What rocket designers really want is an engine with both high thrust and high specific impulse. Such engines don't have to use weak Hohmanns, they can use fantastically expensive (but rapid) Brachistochrone trajectories. Such engines are called "Torch Drives", a spacecraft with a torch drive is called a "Torchship." The term "Torchship" was coined by Robert Heinlein in 1953 for his short story ...

COD is a measure of total organic molecules dissolved in waste water, Where as The concept of BOD came after cities started dumping their waste water into the water bodies and this led to ...

### What is the relationship between the COD and BOD values in ...

1. They vary - they are what makes the results a bit different every time you repeat an experiment - i.e. if you measured a ruler 20 times you are going to get a slightly different value each time. E.g. due to your head being in a different position when reading the scale.

### Physics AS Flashcards | Quizlet

While redshift can be used to tell us about the recession velocity of (non relativistic) galaxies, we also need to find a way to measure the distance to these galaxies. Astronomers have two main methods to measure these distances; parallax (more parallax here) and cepheid variable stars - there's a Khan Academy video on cepheid variable stars.
