AP Chemistry Updates and New Resources for 2019-20. To help more students prepare for—and succeed on—the AP Chemistry Exam, we've clarified the course's focus starting with the 2019-20 school year and are introducing new resources for your classroom. We've also moved exam registration to the fall, a best practice that improves students' chances of earning college credit and placement.

SOD enzymes accelerate this reaction in biological systems by about four orders of magnitude. It should be noted that SOD enzymes work in conjunction with H<sub>2</sub>O<sub>2</sub>-removing enzymes, such as catalases and glutathione peroxidases .. The generation of various free radicals is closely linked with the participation of redox-active metals .The redox state of the cell is largely linked to an iron (and ...

Molecular dynamics (MD) is a computer simulation method for studying the physical movements of atoms and molecules. The atoms and molecules are allowed to interact for a fixed period of time, giving a view of the dynamic evolution of the system. In the most common version, the trajectories of atoms and molecules are determined by numerically solving Newton's equations of motion for a system of ...
