Urbanization occurs either organically or planned as a result of individual, collective and state action. Living in a city can be culturally and economically beneficial since it can provide greater opportunities for access to the labor market, better education, housing and safety conditions, and reduce the time and expense of commuting and transportation.

Next month will mark the end of the season for Lux Domes, the popular winterized rooftop dining experience that made its debut late last year at Cafe Benelux in Milwaukee's Historic Third Ward.

Final reservation dates now open for Cafe Benelux heated ...

Daylighting is the term for restoration of an originally open-air watercourse which had at some point been diverted below ground back into an above-ground channel. Typically, the rationale behind returning the riparian environment of a stream, wash, or river to a more natural state is to reduce runoff, create habitat for species in need of it, or improve an area's aesthetics.
