Animal Transport for Animal Care Professionals

With nearly two hundred million people visiting AZA institutions annually, all zoo and aquarium employees have the opportunity to educate the public about the critical need for the conservation of wildlife and wild lands.

Types of Zoo and Aquarium Jobs

Home range studies demonstrate that while some snakes exhibit relatively sedentary behavior at times, activity levels even in such species may, for example, manifest a four-fold increase at other times (Brito, 2003). As such, even the more sedentary snakes manifestly use significant amounts space when there are appropriate opportunities to do so.

Agriculture is the science and art of cultivating plants and livestock. Agriculture was the key development in the rise of sedentary human civilization, whereby farming of domesticated species created food surpluses that enabled people to live in cities. The history of agriculture began thousands of years ago. After gathering wild grains beginning at least 105,000 years ago, nascent farmers ...
