Norms are regarded as collective representations of acceptable group conduct as well as individual perceptions of particular group conduct. They can be viewed as cultural products (including values, customs, and traditions) which represent individuals' basic knowledge of what others do and think that they should do. From a sociological perspective, social norms are informal understandings that ...

Social norm - Wikipedia

Every activity in modern life is influenced by plastics and many depend entirely on plastics products. Imagine cars without synthetic bumper, dashboards, steering wheels and switches; medicine without plastic hypodermic syringes and artificial hip joints. And what about telecommunications, dependent on plastic telephones, circuit boards and cable insulation.

Plastics Additives - British Plastics Federation

I didn't let it deter me. I had fallen in love with the Green Silence when I learned about it this summer: Not only is it all of the above, and in my opinion a perfect minimalist alternative to barefoot-style shoes for road running, but it looks awesomely-weird and is eco-friendly. More on

that later. Good for a marathon and (way) more. Long story short, I wore them in the marathon the next day.

Brooks Green Silence Review - No Meat Athlete

Marketing effectiveness is the measure of how effective a given marketer's go to market strategy is toward meeting the goal of maximizing their spending to achieve positive results in both the short- and long-term. It is also related to marketing ROI and return on marketing investment (ROMI).. Marketing expert Tony Lennon believes marketing effectiveness is quintessential to marketing, going ...

Marketing effectiveness - Wikipedia
