Welding Certification Test Questions and Answers

S patter in welding is very common, we see it everywhere. We assume that it is something we have to learn to live with and cannot get rid of. Or, if we can get rid of it, we think that it is more trouble than what it's worth.

The Real Cost of Welding Spatter | WELDING ANSWERS

Call for medical help immediately. DO NOT touch the victim with your "bare hands" until he or she is away from the live electrical source. Turn off the power at the fuse box or circuit breaker panel if an appliance or electrical equipment is the electrical source or, if you can do it safely, turn off the appliance or electrical equipment and unplug it.

Welding - Electrical Safety : OSH Answers

Welding fumes are a complex mixture of metallic oxides, silicates and fluorides. Fumes are formed when a metal is heated above its boiling point and its vapours condense into very fine, particles (solid particulates).

Professional TIG / MIG / STICK Welding and Plasma Cutting ...

Forge welding (FOW) is a solid-state welding process that joins two pieces of metal by heating them to a high temperature and then hammering them together. It may also consist of heating and forcing the metals together with presses or other means, creating enough pressure to cause plastic deformation at the weld surfaces. The process is one of the simplest methods of joining metals and has ...
