understanding the vital role that fathers, and father figures, play in children's emotional development Dads really do matter. Children need fathers – just as they need mothers – to love them, to be interested in them and to respond to their needs, making them feel valued and understood.

Fathers « Understanding Childhood

Why a Scientific Format? The scientific format may seem confusing for the beginning science writer due to its rigid structure which is so different from writing in the humanities. One reason for using this format is that it is a means of efficiently communicating scientific findings to the broad community of scientists in a uniform manner.
