The Readiness Manager is responsible for completion of each phase in the Readiness lifecycle. As a part of her/his responsibilities, the Readiness Manager must verify that entrance criteria are met before each phase is started, that all the deliverables are completed for that phase, and that exit criteria are met, prior to considering the phase completed.

Project Managing Readiness - Project Management Institute

Back in 2002, David Putwain and I wrote a short book called 'Psychology and Crime' for the Routledge Modular Psychology series. It sold quite well for a book of this sort (in excess of 10,000 copies, apparently). A year or so ago, Routledge approached me asking whether I wanted to update it.

Data held in SQL tables should be normalised - in other words, held in neat multiple tables with complete rows, only one piece of logical data per cell, and with information not being repeated in multiple places. (The "why" is off topic for this article, but it basically helps data maintenance and integrity no end). Multiple normalised tables can be linked together within select commands and ...
