Personal questions can also encourage people to be more thoughtful in their engagement with particular objects. In 2007, Exploratorium researcher Joyce Ma published a brief formative study on Daisy, an artificially intelligent computer program that engages visitors in text-based conversation. Daisy is a "chatbot" with some pre-programmed questions in her repertoire, and Ma was studying the ...

In this chapter we discuss implications of new knowledge about learning for the design of learning environments, especially schools. Learning theory does not provide a simple recipe for designing effective learning environments; similarly, physics constrains but does not dictate how to build a bridge (e.g., Simon, 1969).
