Within the Ph.D. in Social Science is an optional concentration in Mathematical Behavioral Sciences, supervised by an interdisciplinary group of faculty.. Within the M.A. in Social Science, students may apply directly to the concentration in Demographic and Social Analysis.

School of Social Sciences < University of California ...

Financial economics is the branch of economics characterized by a "concentration on monetary activities", in which "money of one type or another is likely to appear on both sides of a trade". Its concern is thus the interrelation of financial variables, such as prices, interest rates and shares, as opposed to those concerning the real economy. It has two main areas of focus: asset pricing and ...

Recent research in UV radiation physics has shown that reflection of ultraviolet (UV) radiation of man-made structures can be highly influential on an individual's UV exposure, with outdoor workers being particularly prone to increased exposure due to UV reflection from surfaces such as metal.

University of Southern Queensland

Increases in the federal funds rate aimed at stabilizing the economy have inevitably been followed by recessions. Recently, peaks in the federal funds rate have occurred 6–16 months before the start of recessions; reductions in interest rates apparently occurred too late to prevent those recessions.
