103 Reading A Heating Cooling

All Heating and Cooling was great. The gentleman came out the next day and checked what was going on with the AC. He was honest about the pricing and what was wrong. He was polite and ended up finishing pretty quickly and charged me less than what he had said, I am very pleased and my AC is back to working! Woohoo.

Recently purchased a "fixer upper" and the thermostat was dirty and falling off the wall. I decided to replace it with a Honeywell programmable. The old thermostat had wires for Rc, Rh, W, Y, and G. I put the new Honeywell on with exactly the same connections, and the thermostat reads about 10 degrees higher than actual temperature in the room.
