A: Answer Touching up an existing painted surface can be challenging - professional painters wrestle with this constantly. Ideally, use paint from the same can that was used originally, but reduce it about 10% to 15% with the reducer recommended on the can. If you are touching up walls on which the paint was applied with a roller, use a small trim roller.

Rated 5 out of 5 by JTBuffington from By far the best paint i've ever used! Have been using Behr paint for well over a decade, maybe two. Here recently the time came to repaint the exterior of both my homes, I wanted the best paint possible especially where fading color and durability is concerned.
