Chemistry Online

It is the same when we multiply binomials! Instead of Alice and Betty, let's just use a and b, and Charles and David can be c and d:. We can multiply them in any order so long as each of the first two terms gets multiplied by each of the second two terms.. But there is a handy way to help us remember to multiply each term called "FOIL". It stands for "Firsts, Outers, Inners, Lasts":
